04.2017 **vSphere Web Client Plugin**, Toshiba Software Development Vietnam.  
○ Developed a plugin to backup or restore for vSphere Web Client  
– Language : Java, Action Script  
– Framework : Spring framework  
– Database : PostgreSQL  
– Duties : Design, Coding, Testing
- 06.2016–  
10.2016 **Custom Mesos Framework**, Toshiba Software Development Vietnam.  
○ Developed a Mesos framework to manage HA cluster system.  
– Language : Java  
– OS : Centos 7  
– Duties : Design, Coding, Testing
- 06.2015–  
06.2016 **NAS System Management**, Toshiba Software Development Vietnam.  
○ Developed a system to manage NAS system on Toshiba storage device  
– Language : C/C++  
– OS : Debian 6  
– Duties : Design, Coding, Testing

## Internship

01.2015– **Warehouse Management System**, Viettel Software.

- 06.2015
- o Developed a module management warehouse report.
    - Language : Java,JSP
    - Database : Oracle
    - Framework : Struts, Hibernate

07.2014– **OpenAir Application**, Appota Corporation.

- 10.2014
- o Developed a application using AirPlay protocol. It's built on Linux, like any Airport Express help to stream audio from iOS devices such as iPhone, iPad, iPod touch or iTunes software
    - Language : C/C++

## Programming skills

Language

- o Advanced: JAVA, C/C++
- o Basic: PYTHON, SHELL SCRIPT, JAVASCRIPT, PHP, HTML, CSS

Database MYSQL, ORACLE, POSTGRESQL

Framework STRUTS, HIBERNATE, SPRING

## Computer skills

Advanced Ubuntu, CentOS, Microsoft Office, Maven, Ant, Git, SVN

Basic Adobe Photoshop, Adobe Illustrator

## Strengths and weaknesses

Strengths

- o Self study, learn new language or framework fast
- o Hard working and work well under high pressure

Weaknesses

- o Communication
- o Not good at planning and estimating

## Languages

Vietnamese **Mother tongue**

English **Intermediate**

## Interests

- Movie
- Book
- Technology news
- Game
- Rock music
